DorapixelMapChips - Modern JP Schools

■ Introduction

“DorapixelMapChips - Modern JP Schools” (hereinafter referred to as "this software") is a product created by Dorapika (Pika's Game) and is a collection of resources containing graphic data that can be used in the game production support software "Maker" series.

■ About this software

"DorapixelMapChips" is a tileset collection designed specifically for **RPG Maker MV** and **RPG Maker MZ**, with a strong focus on high-quality pixel art expression.
The "**Modern JP Schools**" allows you to create modern Japanese school buildings, including both reinforced concrete and wooden structures.

■ System Requirements

System supporting "RPG Maker MZ" and "RPG Maker MV".

■ How to use this software

This section explains how to use the resources in the collection.

< Resources data from tilesets folder >

1. Run the editor of "RPG Maker MZ" or "RPG Maker MV" and open the project to which you want to add resources from this collection from the menu.
2. Select [Tools]> [Resource Manager] from the main menu.
3. The [Resource Manager] screen will be displayed.
4. Select the "img/tilesets" folder. (If there is no folder, create a "tilesets" folder under the directory [your_project_folder]/img/)
5. Click the [Import] button at the screen's top right.
6. Select the folder that contains the resources.
7. Select the resource files you want to add.

END USER LICENSE AGREEMENT IMPORTANT, READ CAREFULLY.
